Assessment

You are required to submit evidence of the following:

Use PPE and safe working practices to dismantle electronic waste in accordance with organisational requirements and Health and Safety legislation.
Identify, process and sort a range of electronic e-waste components by type and material according to organisational requirements.
Manage own workstation in accordance with workflow and any organisational requirements.

All work for this EduBit must be your own.

Note - All tasks you carry out as part of dismantling electronic waste must be carried out in accordance with organisational requirements and Health and Safety legislation.

Tasks

Proof of Identity

Please include a scanned copy of photo identification (e.g. passport, drivers licence, work ID card).

Attestation Form(s)

An attestation is a declaration by a witness that the tasks and activities specified have been performed in their presence and that the evidence provided is true and correct. The Attestation form(s) relevant to this assessment is located in the Resources section above.

Please complete and scan a copy of the necessary form(s) then upload it here.

General Information

Please tell us:

Where you work?

How long you have worked there?

Task 1: Dismantle electronic waste using PPE and according to health and safety legislation and organisational requirements, process and sort a range of e-waste components and manage own work station.

You will need to:

1.1. Provide a photo of you correctly wearing all the personal protective equipment (PPE) required for you to dismantle electronic waste.

1.2. Provide a copy of the process flowchart (or similar) you follow for dismantling electronic waste.

1.3. Complete safe and correct dismantling of two (2) different waste electronic items at your work station following the process and wearing the correct PPE.

You will need to:

Provide a photo of your work station which is tidy with no clutter.

The photo will also need to show that your tools are tidy and orderly on your work station.

Provide photos of you placing six (6) different types of electronic waste in the right bin.

Please download the [Photo Evidence Guidelines](#).

1.4. For the two (2) electronic items dismantled in Task 1.3, provide the answers to the questions in the Question Sheet about why you sorted the different electric waste components by type and material.

You will need to:

Ask the supervisor to work through the question sheet with you. You can either ask them to fill in your answers or fill it in yourself and ask them to check your answers. Your supervisor will need to sign and date this.

Please download and complete the Question Sheet from the Resources section of this EduBit and upload it to this task.

1.5. Provide a completed copy of the Attestation Form from your Supervisor verifying you:

Use PPE and safe working practices to dismantle electronic waste.

Identify, process and sort a range of electronic e-waste components by type and material.

Manage your workstation in accordance with workflow and any organisational requirements.

Please download the Attestation Form from the Resources section of this EduBit and upload the completed document to the Attestation tab on the website. It

should be signed, dated and include feedback from the Attester.
